Emerald Professional Protection Products

Headquartered in Somerset, New Jersey - we are a large importer and wholesaler of high quality personal protection products, gloves, infection control items and single use disposables. Founded in 1992 by Patrick McCrann and Andrew Curran, our business is centered on first class personal protection and service.

For over 27 years, we have been bringing you gloves and infection control products that offer high quality protection and value in the workplace. When health and safety matters, our Emerald brand has built a reputation for integrity and quality. We are continuously improving our products and adding new items that broaden protection to many niche users.

No matter how small or large, we service the distributors who sell to our targeted markets including Medical, Dental, Food Service, Infection Control, Industrial, Automotive, Safety & First Aid.

TERMS AND CONDITIONS OF SALES

PRICING POLICY:	Prices subject to change without notice.
SPECIAL PRICING:	Large quantity special pricing available on most products. See closeouts and promotions listed on our website.
MINIMUM ORDER:	\$150.00 \$25.00 Charge for less than the minimum order.
PAYMENT TERMS:	Net 30 Days upon credit approval. Interest charge of 1.5-2.5% per month on overdue balances.
DROP SHIPMENTS:	A \$25.00 drop shipment fee will be charged per destination.
CARRIER CLAIMS:	Damage claims and shortages in shipments must be noted on the carrier's freight receipt and called into our customer service department within 24 hours of the time of delivery.
MERCHANDISE RETURNS:	Authorization must be requested prior to return. Credit will only be issued on original purchase price, age and salability of product. Restocking fees are deducted from credit amount. Only unopened cartons can be returned.
FREIGHT TERMS:	Orders of \$3,000 or more shipped east of the Mississippi will be prepaid by Emerald/Pro-Stat. Orders between \$1,500 and \$2,999 are billed at a flat rate shipping charge. Orders shipped west of the Mississippi will be shipped freight prepaid and incremental freight costs will be added to customer's invoice. Prepaid freight does not include lift gate fees or additional delivery expenses from carrier. Extra charges to be added to customer invoice. Shipping error fees charged for all ground freight when applicable.

Terms and conditions are accurate as of the catalog print date of November 2019 and may be updated or revised.

Shannon Vinyl Powder-Free

Shannon Vinyl powder-free gloves are developed specifically for industrial and institutional use. The non-latex formula makes this glove ideal for those who may be allergic to latex. Manufactured to meet exacting user specifications, these soft vinyl gloves are comfortable and have beaded, tear-resistant cuffs for added performance.

Packaging: 100 gloves per box
10 boxes per case

Product Code	Description
VN9705	Small 4 mil
VN9706	Medium 4 mil
VN9708	Large 4 mil
VN9709	X-Large 4 mil

Shannon Vinyl Blue Powder-Free

Shannon Vinyl Blue powder-free general purpose gloves are ideal for food service and other non-medical uses. Blue vinyl gloves are designed for ease of identification. The non-latex formula makes this glove appealing for those who may be allergic to latex and is intended for latex-free areas. The soft vinyl gloves are comfortable and have beaded, tear-resistant cuffs for extra strength.

Packaging: 100 gloves per box
10 boxes per case

Product Code	Description
7119	Small 4 mil
7120	Medium 4 mil
7121	Large 4 mil
7122	X-Large 4 mil

Power Blue Vinyl Powder-Free

Emerald Power Blue powder-free 5 mil gloves are ideal for food processing and other non-medical uses. Thicker than our Shannon vinyl gloves, they are designed for extended wear. Their distinctive blue color makes them easy to identify and the non-latex formula is suitable for users who suffer from latex allergies. Beaded cuff for extra strength and tear resistance.

Packaging: 100 gloves per box
10 boxes per case

Product Code	Description
7601	Small 5 mil
7602	Medium 5 mil
7603	Large 5 mil
7604	X-Large 5 mil

Shannon Vinyl Powdered

The **Shannon Vinyl** powdered disposable glove has been developed specifically for the food service and hospitality markets. Non-latex formula makes this glove ideal for those who may be allergic to latex. Manufactured to meet exacting user specifications. These soft vinyl gloves are comfortable and have beaded, tear-resistant cuffs for added performance.

Packaging: 100 gloves per box
10 boxes per case

Product Code	Description
VN4550	Small 4 mil

PF256	X-Large 4 mil

Happy Hands Latex Powder-Free

Happy Hands general purpose gloves are ideal for utility use. These premium gloves are made from natural rubber latex offering form fitting comfort and fingertip dexterity. An offline manufactured process gives the glove a low AQL (pinholes) and superiority over normal general purpose B grade gloves. A beaded cuff with reinforced finger thickness aids tear and puncture resistance.

Packaging: 100 gloves per box
10 boxes per case

Product Code	Description
HH799	X-Small 4 mil
HH800	Small 4 mil
HH801	Medium 4 mil
HH802	Large 4 mil
HH803	X-Large 4 mil

Tex-Grip Latex PF Exam

Emerald Tex-Grip Powder-Free Latex Exam is used by professionals who require greater sensitivity for administering medical care or instrument manipulation. This glove offers tapered fingertips for greater comfort and advanced processing for easier donning with beaded, tear-resistant cuffs.

Packaging: 100 gloves per box
10 boxes per case

Product Code	Description
5990	X-Small 5 mil
5991	Small 5 mil
5992	Medium 5 mil
5993	Large 5 mil
5994	X-Large 5 mil

Digi-Glove Latex Powdered

Powdered Latex Digi-Gloves are ideal for any type of general purpose application, especially the food service industry. A reliable glove of great value comes powdered for easier donning.

Packaging: 100 gloves per box
10 boxes per case

Product Code	Description
GP8	Small 4 mil
GP9	Medium 4 mil
GP10	Large 4 mil
GP11	X-Large 4 mil

Happy Hands Latex Powdered

Happy Hands are premium gloves that offer form-fitting comfort and fingertip dexterity made from natural rubber latex. An offline manufactured process gives the glove a low AQL (pinholes) and superiority over normal general purpose B grade gloves. In addition, Happy Hands also have beaded cuffs and reinforced finger thickness for excellent tear and puncture resistance.

Packaging: 100 gloves per box
10 boxes per case

Product Code	Description

Upon acceptance of this application by Emerald, the customer agrees to make payment of all invoices by the date due. Normal invoice terms shall be NET 30 DAYS but may be modified on an individual basis at the sole discretion of Emerald. In the event of default, or non-payment for any reason, the customer will assume responsibility for all reasonable and customary additional expenses necessary in the collection of the debt, including but not limited to attorney fees. The customer also agrees to pay interest on any past due balance in the amount of **1.5%** per month or the maximum amount allowed by law. Emerald reserves the right to revoke credit extended at any time and for any reason it deems valid. The business relationship between Emerald and the customer shall be governed by the laws of the State of New Jersey. All disputes between Emerald and the customer shall be decided by the Local, State or Federal courts of competent jurisdiction in the State of New Jersey. By signing this Application, customer agrees to all the terms above, and authorizes Emerald to investigate the customer's credit and financial records, including bank references.

Applicant Signature:	Date:
Print Name:	

By signing above, in consideration of the extension of credit granted by Emerald: I (we) hereby jointly and severally personally unconditionally guarantee the payment of whatever amount shall at any time be owed to Emerald on account of goods hereafter delivered, whether said indebtedness be in the form of notes, bills or open account. This shall be an open and continuing guarantee and shall continue in force notwithstanding any change in the form of such indebtedness or renewals or extensions granted without obtaining any consent thereto and until expressly revoked by written notice from the undersigned as to any indebtedness contracted prior to such revocation. The undersigned additionally jointly and severally unconditionally guarantee the payment of any interest due and all costs of collection, including but not limited to court costs and attorney's fees. The guarantee shall be binding upon ourselves, our heirs, executors, successors and assigns.

GLOVE CHEMICAL RESISTANCE GUIDE

Chemical Tested	Commonly Found In	Latex	Vinyl	Nitrile
Acetic Acid	Vinegar	E	E	E

Finding The Right Glove For You...

Gloves in the workplace are key for protection and safety. Comfort, fit and function hallmarks of all Emerald gloves. Over the last 17 years we have expanded our glove range to suit users across many industries. Our passion for quality and value is evident in both our product selection and the excellent service we provide to our customers.

Latex and Nitrile

Latex has long been the choice among professionals as it provides a reliable and breathable barrier against dirt and contaminants. Nitrile gloves provide even stronger protection and are less prone to degradation from exposure to certain chemicals – however they may not have the same feel and fit some users prefer when wearing latex. Individuals sensitive or allergic to latex materials should use nitrile gloves.

Powder and Powder-Free

Powder is used to make gloves easier to pull on, and to keep them from sticking together. It can act as a vehicle for the transmission of latex proteins. Typical powders used are cornstarch and oatmeal. Powder-free gloves typically cost more, since powders must be removed from the glove during the manufacturing process.

Exam Grade and Industrial Grade

Our disposable gloves are available in both exam grade (“medical”) and industrial grade (“non-medical”). Exam gloves are the best choice for protection against blood-borne pathogenic microorganisms. Medical grade disposable gloves have a superior Acceptable Quality Level (AQL) against pinholes and are in compliance with Food & Drug standards as a medical device. Our industrial grade gloves, while not authorized for medical use, are manufactured with outstanding quality control and pass any requirement established for use in food handling and preparation.
